

~~lite wall~~

lite wall

Lite Wall™ is a series of lightweight screens that respond to varying needs of the open office, quickly configuring to provide privacy or space delineation as needed. Designed using concealed magnets, Lite Wall easily repositions without visible connections. The screens can also be used as standalone elements with the use of integrated legs. Heights of 48, 51 and 66 inches accommodate standing, sitting and lounge applications, with a standard width of 48 inches.
